Select teams will be included in the season mode's new Club AI, using "highly responsive AI that reflects decisions from real-life managers." The addition of AI coaches can be used to create unique tactics and styles of play, providing a new "intensity and unpredictability to games." Two new camera perspectives (a 3D perspective of the pitch and second-person and bird's-eye-view perspectives) have been added. A new customisation system lets you customise your player, teams, stadiums, logos and equipment. In addition, FIFA Ultimate Team will now feature cross-platform Master League functionality, allowing players to compete and upgrade their team on PlayStation 4 while still playing FIFA Ultimate Team on PlayStation 3 and PlayStation Vita. FIFA 18 FIFA 18 is here, and we're bringing the best in football to Xbox One, PlayStation 4, and PC. Outstanding graphics, gameplay, new advances and content and new editions are coming with FIFA 18. First up, with our long-awaited FIFA release, this October will give you the FIFA 18 ultimate experience with new gameplay systems, camera perspectives and new team and player behaviours. Also in October, we are rolling out our new career mode Career Mode FIFA. There are also new community features, including user created videos on YouTube and Twitch, allowing players to upload their highlights or commentary to YouTube and Twitch. And next, we will release in November the FIFA 14 Ultimate Team, coming with revamped card purchases, new rating and meta features, all-new customisation of your teams, stadiums and kits and new player skills and player ratings. We are delivering a massive FIFA experience on PlayStation 4 and Xbox One with many cool features coming like microtransactions and online career mode. This is a visual showcase of the Xbox One and PlayStation 4 versions of FIFA 18, featuring the official game reveal trailer and new gameplay for the first time ever for Xbox One players. The game will be available in the fourth quarter of the year across Xbox One, Xbox 360, PlayStation 4 and PlayStation 3. FIFA is the world's #1 sports video game franchise that has sold more than 400 million copies since debuting in September of 1992. FIFA has been the standard by which sports titles are judged for decades. The highest level of sports gaming available for generations. What is EA SPORTS FIFA? EA SPORTS FIFA 22 takes the pinnacle of sports gaming even closer to the real thing with fundamental gameplay advances and a new season of innovation across every mode. For the first time ever, Franchise Mode takes you on a journey from the start of your career to the peak of your sport, with a variety of choices, goals and challenges. In addition, The Journey starts with four completely reimagined, all-new Club Stories, completely separate from the main game. These stories follow a young player as they make the step up to the professional game and begin to rise through the ranks. (C) Electronic Arts Inc. One EA OFFICE, Redwood City, CA -- 21 March 2017 Teamwork is at the heart of the FUT experience. For the first time ever, your teammates are in a separate hub that allows you to communicate with your friends and family, give and receive team updates, and send them personalized updates. Additionally, you can interact with real players from your favorite clubs in a series of unique challenges and rewards. You can also earn FIFA Ultimate Team coins, the all-new card currency, which can be used to purchase top gear for your FUT team, using the new team-based progression system. (C) Electronic Arts, Inc. One EA OFFICE, Redwood City, CA -- 21 March 2017 FIFA 22 is the most authentic soccer video game experience on any platform. For the first time ever, FIFA is giving players full control of the action in all the game modes via the all-new Player Impact Engine, which results in more animations, more responsive game play, and more cinematic player movements. All animation choices are player-controlled and can be seen in slow-mo and at a higher fidelity. Check out the trailer that takes a look at the power of the new Player Impact Engine: Check out the full list of gameplay innovations Powered by Football [Developed by EA Canada, the Division of EA SPORTS responsible for the FIFA franchise] For the first time, the gameplay engine powering FIFA is codenamed "Powered by Football" (aka "Powered by FUT").
